Assignment - 2

Create class, objects, methods, constructors variables for Employee.

→ Program :

```
class Employee {
    int id;
    String name;
    String email;
    int age;
    String designation;
    static companyName = "IBM";

    Employee ( ) {
        id = 24;
        name = "Rahul";
        email = "Rahul@gmail.com";
        age = 25;
        designation = "Web Developer";
    }

    Employee (long contactNo) {
        System.out.println (contactNo);
    }

    Employee (int i, String n, String e,
    int a, String d)
        id = i;
        name = n;
        email = e;
```

```
        age = a;
        designation = d;
    }

    void work() {
        System.out.println("Doing projects");
    }

    void work(String s){
        System.out.println("Doing projects"
                + s);
    }

    int workingHrs() {
        int hrs = 9;
        System.out.println(hrs);
    return hrs;
    }
}

class EmpManagement {
    public static void main(String args[]){
        Employee emp = new Employee();

        Employee emp1 = new Employee();

        System.out.println(emp1.id);
        System.out.println(emp1.name);
        System.out.println(emp1.email);
        System.out.println(emp1.age);
        System.out.println(emp1.designation);
```

```
System.out.println(emp1.companyN-
                    ame);

emp1.companyName = "HCL";

System.out.println(emp1.
                    companyName);

emp.work();
emp.work(" of web
                    development");
emp.workingHrs();

Employee emp2 = new Employee
                    (8929432134L);

Employee emp3 = new Employee
                    (30, "Atul",
                    "atul@gmail.com",
                    28, "Data Analyst");

System.out.println(emp3.id);
System.out.println(emp3.name);
System.out.println(emp3.email);
System.out.println(emp3.age);
System.out.println(emp3.designation);
System.out.println(emp3.companyName);
}
}
```

Output:
24
Rahul
rahul@gmail.com
25
Web Developer
IBM
HCL
Doing projects
Doing projects of web development
9
8929432134
30
Atul
atul@gmail.com
28
Data Analyst
HCL
